1. Report Description

This report document explains the various activities performed as part of testing of the 'Quickteller' website.

2. Application Overview

'Quickteller' is a robust, quick and secure customer service platform that enables individuals to conveniently make online transactions like purchase airtime, make donations, pay bills, send and receive money via the web.

There are several modules like Pay bills, Send & Receive Money, Buy Airtime & Data which are integrated to fulfill the purpose of the website. It also offers services such as Event tickets, Flight Bookings, Loans, Transport, etc.

In order for users to be able to access these services and other products that Quickteller offers, users must be able to sign up, log in and reset their password

3. Test Objective

The main objective of this test was to carry out a functional test on this web application in order to verify the app functionality.

4. Testing Scope

a) In Scope

Functional testing for the following features was in the scope of testing for the web application.

- Sign Up
- Log in
- Forgot Password

b) Out of Scope

Non-functional testing was not in the scope of testing this web application. Hence, it was not carried out.

c) Items not tested

All in-scope features were tested. However other features in the app that were not tested in this web application, include the following:

- Send & Receive Money

- Pay Bills
- Buy Airtime & Data
- Invite Friends
- Search
- Dashboard

5. Metrics

The test execution metrics of the in-scope features on the Quickteller website across three web browsers (Google Chrome, Mozilla Firefox and Microsoft Edge) are as follows:

a) No. of test cases planned vs executed

Testcases Planned	Testcases Executed
90	90

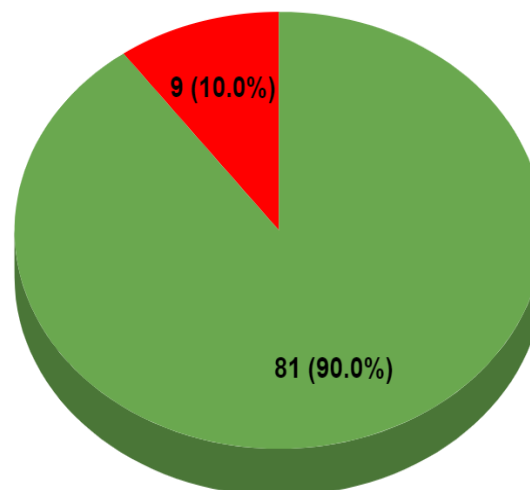

b) No. of test cases Passed / Failed / Not Executed

Browsers	Testcases Passed	Testcases Failed	Testcases Not Executed
Google Chrome	27	3	0
Mozilla Firefox	27	3	0
Microsoft Edge	27	3	0
Total	81	9	0

Total Passed vs Failed vs Not Executed

● Testcases Passed

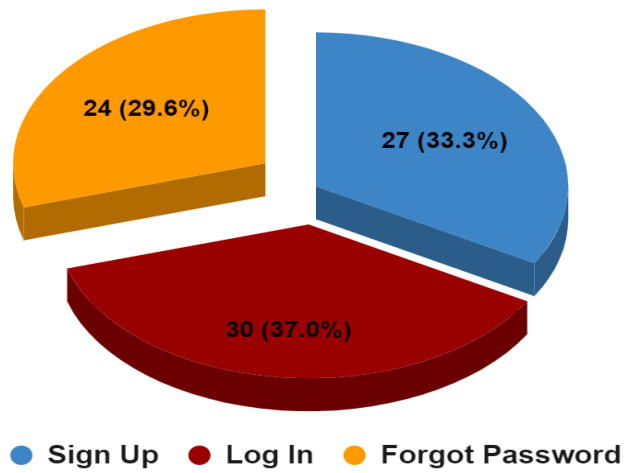

● Testcases Failed

c) Status Distribution - Feature Wise

	Sign Up	Log In	Forgot Password	Total
Testcases Passed	27	30	24	81
Testcases Failed	3	0	6	9
Testcases Not Executed	0	0	0	0
Total Test Cases	30	30	30	90

Status Distribution
